

## **Equine level II Module 6 Veterinary insight and approach to treatment, osteopathic considerations, osteopathic integration and teaching clinic CPD course 2021**

### **Workshop**

**Dates:** 11th/12th May 2021

**Timetable:** 9.30-16.30 hrs each day.

**Number of CPD hours:** 14 hours

This is module 6 of the Level II Osteopathic Approach to the equine patient course, allowing you to develop your osteopathic skills for the equine patient, continuing on from the level I/Foundation course. This module looks at Veterinary insight and approach to treatment, osteopathic considerations, osteopathic integration and teaching clinic

This is the final module in the Level II series. The aim of this module is to ensure students understand veterinary approaches to treating common conditions, veterinary protocol and the impact of these interventions on the equine patient in order to enhance practitioners' ability to work alongside veterinary professionals, support veterinary intervention and treat effectively pre and post surgery. Use your knowledge gained to further deepen your osteopathic considerations, understanding and integration of concepts, assessment and techniques developed throughout the Level II modules. Apply your knowledge within a teaching clinic setting to ensure your confidence assessing and treating the equine in a supported environment.

The Level II Osteopathic Approach to the equine patient course runs over modules 1-6 with a pre-requisite module 0 (a total of 20 days). Modules can be taken in succession or chosen from as required. The aim of the course is to offer practitioners a deeper knowledge to support and develop their animal practice. Successful completion and comprehension of the content will give practitioners all they need to enter our Stage III workshops with confidence.

<b>Award</b>	<p>Those who successfully complete the 2-day workshop will be awarded an AOI/ESO CPD Certificate of Attendance: The equine patient: veterinary insight, osteopathic considerations and integration.</p> <p>Those who successfully complete all Level II Modules (0-6 inclusive) will receive an AOI/ESO certificate of Osteopathic approach to the equine patient - Level II</p>
